FOREIGN POLITICAL MATTERS - CUBA

On August 1, 1962, [REDACTED], true name [REDACTED], who is employed as [REDACTED] by [REDACTED] published in Tampa, Florida, furnished the following information:

b7C

On July 21, 1962, [REDACTED] departed from Tampa, Florida, for Mexico City, Mexico, where he was to pick up a visa from the Cuban Embassy which would enable him to travel to Cuba as [REDACTED]. He had received a United States Passport from the U. S. Department of State on either July 18 or 19, 1962, which was validated for the trip to Cuba.

b7C

The trip to Cuba had come about more or less by accident in the following manner:

Prior to commencing work in Tampa, Florida, as [REDACTED] [REDACTED] was employed by [REDACTED] in El Paso, Texas, and in connection with an assignment for [REDACTED] [REDACTED] was traveling in Mexico approximately three or four years ago, at which time he met [REDACTED] divorced wife of [REDACTED] of the Mexican newspaper "Politica". [REDACTED] is [REDACTED] to [REDACTED] [REDACTED] to the Organization of American States (OAS) in Washington, D. C.

b7C

After that time, [REDACTED] maintained periodic contact through correspondence with [REDACTED] and in January of 1962 she contacted him in Tampa, Florida, while enroute to Mexico from Washington, D. C. on a vacation. At that time [REDACTED] indicated that he would like to arrange for a telephonic interview with Cuban Prime Minister FIDEL CASTRO, which he thought would be good copy in view of the fact that he has been assigned by [REDACTED] to cover activities pertaining to the Cuban national population in the Tampa, Florida, area. [REDACTED] indicated that it might be possible for her to assist him in this endeavor, and that it might even be possible for her to arrange for a visa so that [REDACTED] could visit Cuba.

ENCLOSURE

109-12-210-3697

FOREIGN POLITICAL MATTERS - CUBA

██████████ thought nothing more of the matter until the early part of June, 1962, when he received a telephone call from ██████████ in Washington, wherein she stated that she had been informed by a friend, ██████████ at the Cuban Embassy in Mexico City, that a visa had been issued for ██████████ to travel to Cuba, and that he could pick up the visa in Mexico City. b7C

A few days later, ██████████ received a letter from CARLOS LECHUGA, Cuban Ambassador to Mexico, confirming the fact that the visa had been issued and that he could pick it up at his convenience. b7C

██████████ discussed this matter with his superiors at ██████████ and it was subsequently determined that due to U. S. Government restrictions on travel of U. S. citizens to Cuba, it might not be possible for him to secure a validated passport and, therefore, the matter was not pursued any further by him. ██████████ was of the opinion, from the manner in which he was advised of the existence of the visa, that the Cuban Government wanted to present him with the opportunity of making an illegal trip to Cuba and thereafter use the trip as a sort of blackmail tool which they could utilize to force him to write favorable copy about conditions in Cuba. b7C

Approximately two weeks later, ██████████ superiors indicated that additional information had been received by them to the effect that it might be possible to secure a U. S. passport for him which would be validated for the trip to Cuba, and they desired that he reconfirm the existence of the visa at the Cuban Embassy in Mexico. ██████████ telephonically contacted ██████████ in Washington, D. C., and she suggested that it might possibly expedite matters for him if he would telephonically contact ██████████ in Mexico. ██████████ made the phone call to ██████████, at which time he was advised that they were unable to locate the visa and that they would have to check with Havana. ██████████ indicated she would return ██████████ call when she received confirmation of the existence of the visa. b7C

The call was not returned; however, in the meantime ██████████ through contact with the Office of Senator SPESSARD HOLLAND of Florida, was successful in having the validated passport issued. ██████████ then recontacted b7C

FOREIGN POLITICAL MATTERS - CUBA

██████████ and she advised him that the visa was there waiting for him. b7C

██████████ contacted the Embassy in Mexico on the morning of July 23, 1962, and received his visa through ██████████. She suggested that in order to expedite his passage, he should contact ██████████ of Cubana Airlines facility in Mexico City. b7C

██████████ noted that employees at Cubana Airlines addressed ██████████ as ██████████, which indicated to him that ██████████ was possibly a former officer in CASTRO's forces or that he presently held some sort of position in Cuban intelligence. b7C

Cubana Airlines officials photographed all individuals boarding the flight for Havana at the time they boarded the plane in Mexico City.

There were several Canadians on the flight from Mexico City to Havana and all wore a sort of lapel button which had a maple leaf and the Cuban flag on it. These individuals were afforded preferential treatment in going through Immigration and Customs on arrival in Havana. ██████████ was unable to determine the names of any of these individuals, but assumed that they were traveling to Cuba for the July 26th celebration in Cuba. b7C

When ██████████ was processed through Cuban Immigration and Customs, he was forced to surrender his U. S. passport and plane ticket. He was given an identification card and told that his documents would be returned to him when he departed from the country. It was necessary to exchange all American money for Cuban money at the rate of one peso for each dollar. It was also necessary to immediately cash all traveler's checks or take a form which had to be filled out as to the date, place, and identity of person cashing the traveler's check while in Cuba. ██████████ was also told that he would have to register with the Swiss Embassy in Havana. It was not possible to do this on the 23rd due to the late hour of arrival in Havana, and when attempting to do so on Tuesday, July 24, ██████████ was unable to secure a taxi which would take him to the Swiss Embassy. He was also unable to effect telephonic contact with the Embassy of Switzerland and for this reason did not register as he had been instructed. b7C

FOREIGN POLITICAL MATTERS - CUBA

When attempting to secure accommodations at the Colina Hotel where he was taken by the taxi driver who picked him up at the airport, [REDACTED] was told that it would be necessary to have his passport. He explained that the passport had been taken from him and the clerk subsequently accepted the identification card which had been given to him in lieu of the passport. b7C

[REDACTED] had a reservation to return to Miami, Florida, via Pan-American Airways on Sunday, July 29, 1962. He was told that it would be necessary for him to secure his exit permit through the Bureau of Security of the Cuban Immigration Department on Friday, July 27. At that time, he presented his identification card and after some difficulty, which was apparently brought about through misspelling of his name, he secured the exit permit late on the afternoon of July 27th. b7C

At the time he presented himself at the airport for departure on July 29, 1962, the identification card and exit permit were taken from him and stamped by the Immigration officer at the airport. His passport and plane ticket were returned to him at that time; however, the visa was never authenticated by the government representative. [REDACTED] noted that he had no documentary proof in his possession that he had ever been to Cuba. b7C

While in Havana, [REDACTED] talked with many people and is presently engaged in writing a series of twelve or sixteen articles dealing with miscellaneous information about his trip. b7C

He noted that most people expect and believe that there will be another invasion of Cuba and in this regard, [REDACTED] noted that CASTRO had again brought this matter up in his speech at the July 26th celebration in Santiago, Cuba. b7C

[REDACTED] had intended to go to Santiago for the celebration, but decided not to do so in view of the fact that he had no passport in his possession and felt that a North American might not be welcome at this occasion. b7C

FOREIGN POLITICAL MATTERS - CUBA

There did not appear to be any evidence of food shortages in Havana. He noted that the members of the Rebel Army appeared to be better trained and disciplined than those of the full time Militia, while the latter group was likewise better trained than the part time Militia. All public buildings and locations apparently determined to be strategic are guarded full time by Rebel Army personnel while full time Militia personnel guard places of lesser importance and part time Militia appear to have been delegated minor tasks for the purpose of allowing them to demonstrate their continued loyalty to the Cuban Revolutionary Government.

There are said to be 52,000 students housed in the former luxury residences on Fifth Avenue in the Miramar section of Havana who are attending Havana University on scholarships. There is also a large house where part time Militia men are trained to be full time Militia men in this immediate area.

Dear Mr. Hoover:

Supplementing my recent letter, I enclose

editorial from yesterday's Ft Lauderdale News, which I want

you to see. May I add my congratulations to those of [Redacted]

b7C

The Freedoms Foundation surely could not have picked a finer

American to be honored in this manner and could not have picked

a more appropriate day to bestow the honor.

[Redacted] words are more eloquent than those in

my recent letter in which I expressed a similar respect and

b7C

admiration for you.

Also enclosed is a clipping from today's Miami

Herald by Mike Morgan. It is only natural that those of us who

b7C

live in this area be concerned by reports such as this. We are

concerned not by any danger that might affect us individually

but by the apparent build up of forces seeking to undermine

and subvert many of the Central and South American governments.

The alleged facts that he mentions should surely be subject to

prompt verification by the authorities in Washington charged

with that responsibility.

THE MIAMI HERALD

1-C

By MIKE MORGAN
Herald Columnist

FORT LAUDERDALE —

A Communist junta is in firm control of the government of Cuba, and Fidel Castro — already stripped of his one-man power — may soon be eliminated, even as a figurehead,

a business executive recently returned from the island said Friday.

The man, who must remain anonymous for the present, reports that sabotage is on the increase and says the Cuban people have never been so ripe for revolt since the Castro

takeover as they are now.

The observer was well placed and had access to information and sources denied many others.

We discussed the growing military might of Cuba. He is of the opinion that the vast

stores of arms flowing into the country are not intended for the Cuban military but are an arsenal to feed to revolutionary parties in those Latin American countries where revolution can be fomented.

"Runways on almost all airfields are being lengthened to handle great transport planes. Cuba is acquiring a marine fleet of cargo ships that she never had before. It isn't for commercial use, either. The Communists are stockpiling arms in Cuba for use in other lands. They must not be permitted to succeed!

"Save for a hard corps of dedicated Communists — and it is very small despite the trumped-up rallies, — the mass of people would turn on the government. True that the Cuban Reds are now well armed, but I feel in my heart the militia would not fight for the Communists."

He talked about the missile base being built on Cayo Largo on the northern coast of Cuba — and the constant rumors of a Red sub base under construction. And about the guests that stayed for dinner.

"The Russians are living like kings... like lords. The

Chinese are all living in one big square and are not permitted to visit Cubans in their homes... they can only associate with them on official business during the day."

You won't find a silver coin in circulation, he says. It is believed that all silver has been taken, melted down and sent to Russia to help pay for the millions owed the Reds by Cuba.

Getting out of the country now is extremely difficult. If you get permission and all the necessary documents, it takes about 75 days.

When you are notified that you have been granted permission to leave, police also come to your house and make a detailed inventory of everything in the house. First thing they want to know is if you have a car and where it is. Second, they want to know if you have silver plate of any kind, how much and

where it is, and any other valuables.

After the inventory is taken, the police notify the vigilance committee of your block or building. A guard is set up outside to see that nothing is removed from the house.

You may leave the country with only five dollars and virtually no luggage — almost with only the clothes on your back.

The travel permission is good for only 29 days. If you fail to return within the 29 days the police immediately confiscate your home and everything in it.

Frequently the government will set up obstacles to your returning within the 29-day

period, and give themselves an excuse to make the confiscations.

Despite all precautions taken by the government, sabotage increases in Cuba. Especial targets are the cane fields, sugar mills, transportation systems.

Food is extremely scarce and you stand in line for hours to get it.

"One of the best propaganda jobs the United States could do," he said, "is to flood Cuba with color pictures of the supermarkets here showing the abundance of food and no people in line. Underneath the pictures put the words: 'This is what you get in a free democratic country — see if the same is true in a Communist country.'"

The indices of the Miami Office contain no identifiable information regarding the individuals mentioned in enclosed letterhead memorandum. The Miami Office is, at the present time, in the process of having INS, Miami, check its files to determine whether or not any of the foregoing individuals have transited to Miami, or possibly are residing in the Miami area. In the event positive information is obtained, the Bureau and appropriate offices will be advised.

Copies of instant communication have been prepared for the Legat, Rio de Janeiro, inasmuch as it is anticipated by the Miami Office that in the event of the downfall of the FIDEL CASTRO regime in Cuba at some time in the future, the foreigners who have been contracted for service in Cuba by the Cuban Revolutionary Government will attempt to escape and will possibly attempt to enter the United States. The Legat, Rio de Janeiro, may consider determining the backgrounds through logical sources in the Montevideo and Buenos Aires areas of the individuals mentioned above and furnish same to the Miami Office.

in Mexico armed with pistols.

Four Cuban couriers who arrived in Mexico City from
Havana on the Cuban Aviation Company flight of August 17,
1962, refused to surrender their weapons and fought with
Mexican officials. They were finally disarmed and were then
permitted to proceed to the Cuban Embassy. The weapons were
reportedly of Czechoslovakian manufacture.

Incidente en el Aeropuerto al ser Desarmados Cuatro Correos Cubanos

Por JAIME DURÁN,
reportero de EXCELSIOR

Los correos diplomáticos cubanos, que reiteradamente están violando las leyes de México, al llegar armados de pis-

tolas protagonizaron ayer un enésimo incidente, al cambiar golpes con los agentes de la Policía Judicial Federal en el aeropuerto. Finalmente fueron desarmados.

(Las leyes mexicanas prohíben terminantemente el ingreso al país de ciudadanos extranjeros armados, incluyendo a los diplomáticos. Por otra parte, y después del robo del "jet" de la Pan American por el francoargentino Charles Cadon, el Gobierno federal ordenó que los militares uniformados entreguen sus pistolas, al capitán del avión en los momentos de abordar la nave).

Los correos diplomáticos cubanos: Angel Taro Ramírez, Enio Benitez Junco, Gaudencio Inferian y Agustin Yasill, llegaron a las 12.25 horas, en el Britannia de la Cubana de Aviación, y estuvo a recibir-

los Antonio García Lara, de la embajada cubana en nuestro país. Cuba es la única nación que envía a México regularmente hasta cuatro correos diplomáticos.

Los cuatro cubanos se indignaron cuando fueron retratados por el agente Jesús Legorreta, de la Procuraduría General de la República. Más tarde, al pasar a la aduana, insultaron al agente federal Sergio Moguel.

Luego se resistieron a entregar sus pistolas al agente federal Ismael Valverde, al que trataron de agredir. Estaban en plena discusión los "correos" cubanos y los agentes federales, cuando uno de los diplomáticos, que acudió a recibirlos, insultó a todo mundo y dijo que "jamás entregarían sus armas, que eran para resguardar las valijas que traían".

Intervino entonces el jefe de

ANTONIO GARCÍA Lara, adscrito a la embajada de Cuba en México, increpa a los agentes federales y al jefe de Migración del aeropuerto, Raúl Zambrano, después del incidente ocurrido ayer

la Oficina de Migración del Aeropuerto, señor Raúl Zambrano Iglesias, quien con palabras corteses y buenas maneras los conminó a que desistieran de su actitud y entregaran las pistolas, a lo que nuevamente se negaron los cubanos.

Llegó entonces el comandante de la Policía Judicial Federal, Jesús Madrigal Nieto, quien también los exhortó a que entregaran las armas. Los cubanos contestaron ofensivamente, lo que obligó a los agentes mexicanos a contestarles con una acción de fuerza.

LOS PASAJEROS SE ASUSTARON

Se generalizó la bronca y los ganforros cubanos trataron de emplear sus armas contra los agentes federales. Entonces se solicitó la presencia de los agentes de la Dirección Federal de Seguridad, del Resguardo Aduanal y hasta de la policía del aeropuerto, los que sujetaron a los belicosos cubanos y los despojaron de sus armas de fabricación checa, con varios cargadores de repuesto.

Los viajeros del vuelo 57 de "American Airlines" que en esos momentos llenaban las salas de migración y aduana del aeropuerto corrieron en todas direcciones asustados ante la exhibición de las pistolas por parte de los agresivos agentes del gobierno marxista de Cuba.

El aeropuerto se convirtió en una feria de gritos, insultos, empujones, golpes y llaves de todo que utilizaron los policías para someter al orden a los cubanos, a la vez que se limpiaban la sangre y los pañue-

los blancos se teñían de rojo como resultado de la refriega.

A esas horas, un grupo de guapas turistas se agolpaban junto a la puerta de migración gritando que les permitieran salir, ya fuera a la calle o al interior del aeropuerto. Una viejecita se puso histérica y hubo necesidad de administrarle un calmante.

Los vistas de la aduana y los encargados de la revisión de los equipajes suspendieron entonces sus tareas y se dedicaron a vigilar que no desaparecieran las maletas de los agentes cubanos. Mientras, un grupo de agentes contenía a los pasajeros cubanos que, desde Migración también alborotaban y trataban de ir en auxilio de sus compatriotas. Y otra vez volvió a alterarse el orden, mientras las salas de la aduana y migración se veían invadidas por policías y agentes del resguardo aduanal, todos bien armados. Nadie hacía nada por serenar los ánimos.

Finalmente, el comandante Madrigal Nieto tomó posesión

de las armas y se dirigió a la Procuraduría General de la República para consignar los hechos. Los cubanos, con los rostros congestionados y con los trajes manchados de sangre, fueron subidos a varios autos de la embajada cubana para ser trasladados con sus valijas a la residencia de la misión de Cuba.

SALIERON ANOCHE LOS DOS CUBANOS

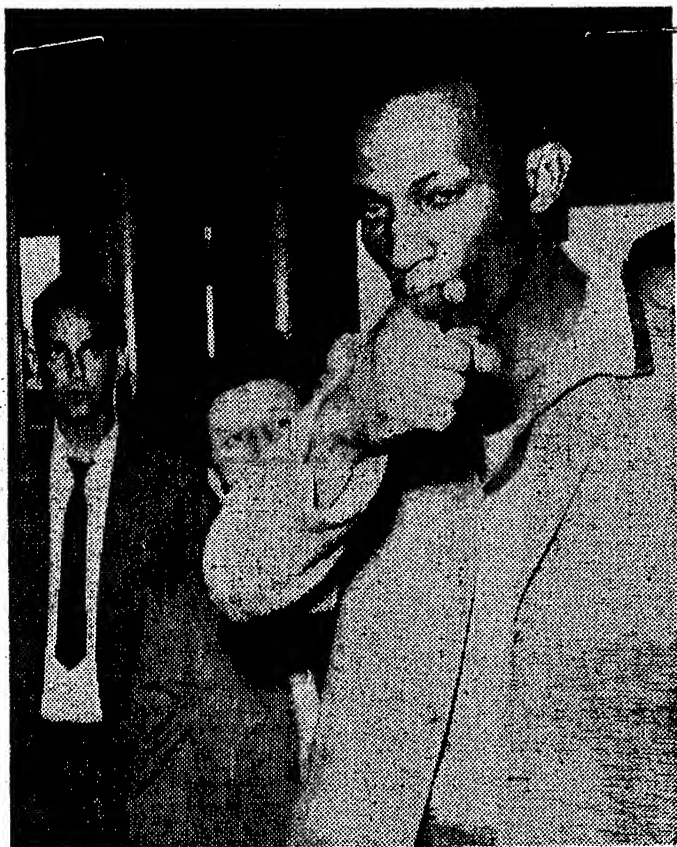

Los correos diplomáticos cubanos Angel Tato Ramirez, de 21 años de edad, y Agustín Yasell, partieron anoche, a las 22.30 horas, en un avión de Canadian Pacific a Santiago de Chile.

Luego irán a Buenos Aires.

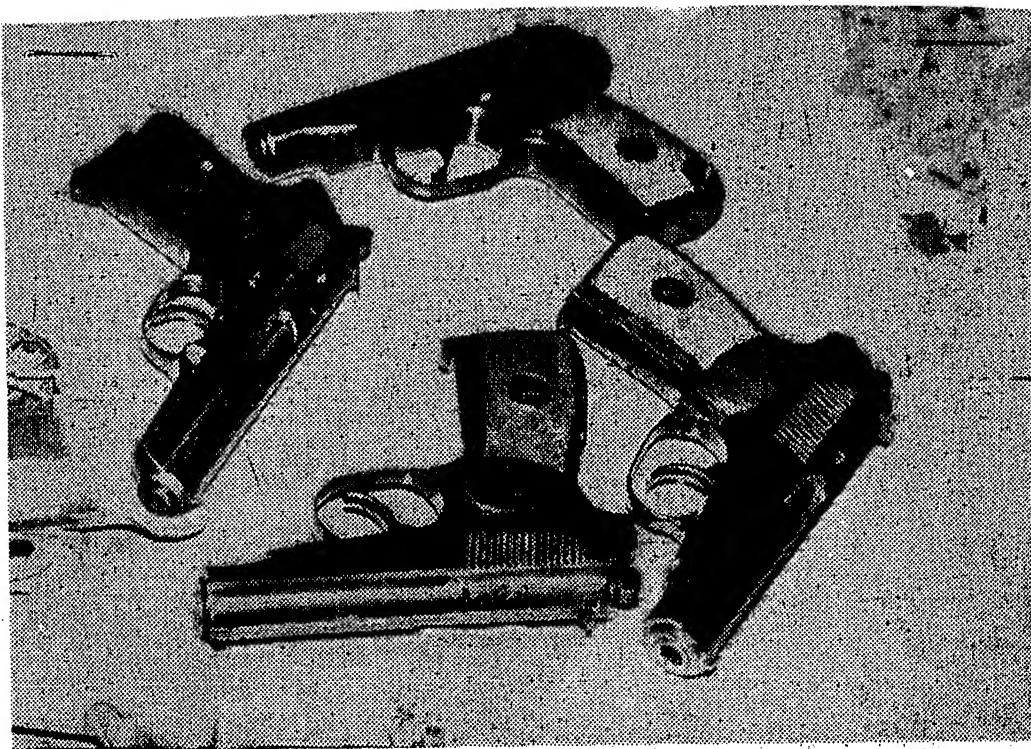

Los cubanos fueron acompañados al aeropuerto por miembros de la embajada de su país.

Solamente dijeron:

"No tenemos nada que declarar. El incidente del miércoles ha sido superado".

SERGIO MOGUEL, Ismael Valverde y el comandante Jesús Madrigal Nieto tratan de calmar a un grupo de exaltados cubanos que en la aduana del aeropuerto trataron de apoyar a los cuatro correos desarmados por policías mexicanos, después de un gran escándalo

ESTAS SON LAS cuatro pistolas de fabricación checoslovaca, que los agentes de la Policía Judicial Federal decomisaron a cuatro correos cubanos

RE: FOREIGN POLITICAL MATTERS - CUBA
INTERNAL SECURITY - CUBA

A Cuban exile in the Miami area who is acquainted with certain officials of the present Socialist Revolutionary Government under Fidel Castro, and who has furnished reliable information in the past, advised as follows:

At 2:00 A.M., on August 24, 1962, the Cuban Government controlled radio station "Rebelde", Havana, Cuba, announced the appointment of Pelegrin Torras de la Luz as First Vice Prime Minister of Cuba. This appointment places Pelegrin Torras as second in command of the Government of Cuba under Fidel Castro, Prime Minister.

Pelegrin Torras de la Luz continues to hold the position of Political Under-Secretary of Foreign Affairs of the Cuban Ministry of State.

This source advised that Pelegrin Torras is an active member of the Partido Socialista Popular (PSP) (Communist Party of Cuba).

[REDACTED] also in Cuba, is an old-line member of the PSP. b7c

The source further advised that the announcement of the appointment at 2:00 A.M. was unusual, and the creation of such a position has not previously occurred in the Cuban Government.

Re: Foreign Political Matters - Cuba

[REDACTED], a resident of [REDACTED], who is actively engaged in negotiations for the release of the prisoners of the Bay of Pigs, by letter dated August 14, 1962, wrote that the present situation inside Cuba relative to the Cuban prisoners is very bad and also stated that the internal situation inside Cuba is desperate. [REDACTED] was able to send the letter from Cuba through diplomatic channels and this letter contained the following information:

b2
b7D

About fifteen days prior to the date of the letter, two Russian boats arrived in Cuba and docked at the Port of Bahia Honda and one of these boats carried Russian men and women and Negroes who were believed to have come from the Congo. The passengers were disembarked and taken to the town of Bahia Honda at daybreak in order to conceal them from the Cubans. The second Russian ship that landed at Bahia Honda carried weapons and ammunition which was unloaded during the day time. The weapons and ammunition when unloaded from one of the Russian boats, were taken by sledges and heavy trucks which were driven by Russians who had been living in Cuba. [REDACTED] wrote that not even the regular rebel soldiers of the Cuban Government now enjoy the government's confidence and are no longer employed in this type of work of unloading and delivering Russian weapons to Cuba.

b2
b7D

[REDACTED] also wrote that between the fifth and the eleventh of August, two more Russian boats arrived in Cuba with heavy equipment which was unloaded and placed aboard trucks which were driven by Russians. [REDACTED] stated that also aboard these two Russian boats were a large number of Russian men and women who were taken to the finca (farm) of former Cuban president Carlos X Prio Socarras, which is known as "La Altura". This farm formerly owned by Ex-President Prio, has an airport, a

wharf and radio communications and no Cuban soldiers or Cuban civilians are allowed in the area now.

██████ also wrote that it was learned that the people residing in the area of Bahia Honda are much concerned about the recent arrivals in their area as it is rumored that the people who have been recently disembarked there are guerilla soldiers who have already been trained to fight in mountains and swamps. ██████ also stated that it has been reported that among the foreigners disembarked recently in the area of Bahia Honda, are many Chinese.

b2
b7D

██████ also wrote in the letter of August 14, 1962, that among people who are familiar with the facts of the recent landings of Russian boats in the Havana area, it has been calculated by them that about 7,000 "foreigners" have been disembarked in Cuba for the past 20 days. ██████ also wrote that the foreigners who have been recently landed in Cuba have been placed in farms which are inaccessible to the Cuban population.

b2
b7D

██████ wrote that the prisoners of the Playa Giron are not being given the proper food and medicines and are in a very weakened condition. ██████ stated that it is most important to bear in mind that the lives of the prisoners of Playa Giron depend entirely upon the people of the United States. ██████ advised that it is almost a certain fact that if there is any invasion of Cuba prior to the time the prisoners of the ill-fated invasion of April, 1961, are released, they will be destroyed by the Cuban Government as their quarters in the prisons have been dynamited. ██████ also wrote that the prisoners of Playa Giron have had their guards increased and the guards attempt to enrage the prisoners in order to create an incident which would justify their killing the prisoners.

A confidential source at Tampa, Florida, has recently furnished two letters received from [REDACTED] in [REDACTED] is an American citizen who has lived in Cuba some [REDACTED] and was formerly [REDACTED] of [REDACTED] there. b7C

The first letter, dated August 12, 1962, reads as follows:

"Sunday Ago. 12th.

"Dear [REDACTED] - b7C

"I have your two letters, one mailed on Ago 2nd which arrived before the one mailed on July 25th. and was open.

"You said you sent me a third blotter, I have rec'd but two, also the "paper" I asked for did not get through, don't send another, it will not get through, it is not importante.

"Glad to know you sent [REDACTED] my letter, a lot more I would like to get to him not can not hope for it to get through. b7C

"Have just had a visit of a friend from Casilda, another from Punta Alegre and still another from Caibarien, will tell you more in my next letter.

"Grub question is getting to be more of a problem every day, we still get rice, pumpkins, sweet potatoes and 3/4 of a pound of cow meat a week, that is 1/4 lb. each, after discounting bones and fat it leaves very little, still can get a little fish, eggs are to 18 cts. pork black market 1.50 a lb. live, also chickens are 2.50 a lb. live, there is some roasting corn five cents each.

"Save this letter to connect it with my next one. We are having mighty hot weather, little rain, cane is not looking very well, pastures are fair, the part where [REDACTED] in "king fish" he has 8 irrigation stations, they are running most of 24 hrs. daily he is now shipping cattle on his cuota for Sept.

b7c

"From all indications, soon Budapest is going to be moves over here, four thousand "settlers" have arrives, when I make a mistake cannot erase it for have no rubber.

"Am writing this sort of nutty, trusting that you and you only will understand it, "better days will come again"

"Guess I had better stop before I try to write something that I should now.

"We are all well, fat and happy."

"As ever."

(signature hidden by
autostat of envelope)

The source explained with regard to paragraph 2, that she had on two occasions sent razor blades to her brother by pasting several individual blades between two blotters which were stuck together around the edges. She never sent a third package of blades. The paper referred to in the second paragraph was a map of the Florida intercoastal waterways which her brother had requested and which she sent in a letter.

Source explained that the person called [REDACTED] mentioned in paragraph 3 is United States Senator George Smathers, to whom source forwarded one of [REDACTED] letters.

b7C

The significance of paragraph 4 was not known to the source. The person called [REDACTED] in paragraph 6 is [REDACTED].

b7C

The second letter, dated August 30, 1962, is as follows:

"Thursday 30th.

"Dear [REDACTED] -

b7C

"Rec'd your letter a few days ago, also the map, it was subject to several investigations but at last got by, what I expected was a road map, but that can come later.

"In my last letter (two) I partly told you some things, it will not be necessary to say more as you have heard by radio and seen in the papers some of the things I wanted to tell you there is lots more that could be said, it will all come out in time, all that you have heard is the truth and a lot more too.

"I cannot understand how those lazy dubs in Wash. can be so single track minded that they cannot understand that every day they wait the matter is more complicated, if they would talk less and do more we could see some light in our future, but as things are going we do not know where we will at last end up.

"[redacted] and family left for home this morning, they had a months vacation here, [redacted] and family will go to a beach for two or three weeks, will leave next week, he cannot leave on the first, has a lot of reports to make at the end of each month. b7C

"We are getting lots of rain and very hot, but that can be expected a this time of year, as long as we get no cyclones we are alright.

"Have lots I would like to say but cannot so had better just call this finished, we are getting along very well and holding up in weight so why worry, it will all come out OK."

"As Ever"

(signature hidden by autostat of envelope)

Source explained that [redacted] is the nickname of [redacted]. She said writer had seldom referred to [redacted] in the past, and when he did, he called him by his true first name rather than by the nickname [redacted]. She said in previous letters writer has never reported on the casual doings of [redacted] such as a family vacation. Moreover, [redacted] lives in the same town as the writer, so it makes no sense to say he had been spending his vacation there. The [redacted] referred to is [redacted]. b7C

Source believes the writer was attempting to convey the information that [redacted] and [redacted] were planning to flee Cuba for the United States, probably by boat. Source also advised that [redacted] used a fictitious name and return address on the envelopes of his letters, a practice which he has only adopted in recent months. b7C

THE CUBAN SITUATION

BUDED 10/10/62

In view of the Soviet build-up in Cuba, it is desired that each office undertake the following on an expedite basis:

(1) Prepare short resume concerning each informant or source who has the potential of returning to Cuba openly or clandestinely. A specific comment should be made, based on the personal knowledge of the Agents handling the informant or source, as to whether the informant or source has possibilities of entering Cuba openly or clandestinely.

(2) In a most discreet fashion and during the course of casual conversations about other matters, Agents handling key informants who are trustworthy beyond doubt should elicit comments from them as to what action, short of military action, might result in the most effective blows against the Castro Regime. For instance, they could have ideas concerning the elimination of a specific vital installation which would irreparably harm the Castro regime.

(3) Comments from reliable defectors with whom your offices are in regular contact should be solicited in the same manner as outlined in item (2).

(4) Review pertinent files for names of all Cuban and Latin-American exiles who have volunteered to assist the United States Government by fighting Castro or by going to Cuba to work against Castro. Available identifying data regarding these individuals should be included, but no

Letter to Miami
Re: THE CUBAN SITUATION
109-12-210

investigation to determine their present location or sympathies is desired in the absence of specific Bureau instructions.

(5) Specific recommendations as to what assignments the foregoing informants, sources and volunteers could carry out, how they could communicate with the United States, and how they could work themselves into a position whereby they could make a specific contribution to the over-all overthrow of Castro.

(6) Suggestions from Agents and supervisory personnel closest to the Cuban situation as to future course of action concerning Cuba which does not involve direct military intervention. Suggestions here should project the ideas of those in your offices who are in contact with the Cuban community on a daily basis as to what can be done.

It is emphasized that only personnel directly involved in this matter should be contacted and under no circumstances are office-wide solicitations to be made.

The foregoing data is to reach the Bureau by October 10, 1962. However, if, for some unavoidable reason certain informants or defectors are not available for contact prior to that time, Bureau is to be advised concerning the identities of those yet to be contacted and when this project will be completed.

THE UNITED STATES ALONE

CANNOT SAVE DEMOCRACY!

Facing the reality that the United States alone no longer can save democracy in a show-down with the Communist Bloc in the cold-war or a shooting-war, the American Government instead of feeding the termites in the helpless new nations, should concentrate its efforts on the solidarity of its most reliable and resourceful allies, on which depends today a great portion of our national security, regardless if we like it or not.

Neither can we any longer deny or camouflage the fact that the Communists are beating us all over the world, and are now infiltrating our own hemisphere, gaining a foothold in Central and South America, of which Cuba is an example, besides the American Communist termites who are undermining the structure of our nation. Pretending to ignore this reality and hide the truth from the American people is a dangerous procedure against the security of our democracy. As Krushchev recently remarked: "...the day will come when the red flag will fly in Washington. Not the Soviet-Union red flag, but the American red flag."

Based on a report of J. Edgar Hoover last January, Victor Riesel says in the N.Y. Mirror:

"... the Red bloc has sufficient agents operating in the U.S. to man a vast fleet of U-2s, cameras and all.

"... at least 84 important Soviet agents or spy rings were operating inside crucial areas in the U.S. last winter."

In the present circumstances, if our foreign policy had any logic and common sense, we should have concentrated our efforts in promoting closer and stronger relations with our most resourceful allies for the defense of our common interests and supremacy, instead of doing it for our own security. We polarized and antagonized them by siding with our enemies in the disintegration of our allies' territories and in many other ways, thus losing their trust and their respect. From "The Wall Street Journal" we quote the following opinion:

... we are pursuing policies that affront our most necessary friends and leave them in doubt as to our good intentions and our good sense.

"Thus it was pressure from the United States that pushed the Belgians into a premature withdrawal

from the Congo, just as earlier we helped pressure the French out of Indo-China and the Dutch out of Indonesia. We looked the other way when the Indians grabbed Goa from the Portuguese, a piece of aggression no less flagrant because the victim was tiny. As Mr. Vicker notes, about the only country in Europe with no grievance against us is Luxembourg.

"Well why do we do it?"

In case of any kind of a show-down with the Communist Bloc, or without reaching that point, the United States needs its European allies as much as they need us, and if a real show-down comes between America and the Soviet-Union, our democracy cannot survive without the economic and military help of those nations. It is not the unprepared, incompetent and backward new countries being born of the wedlock of the United Nations and the Communists to be nursed at the expense of American taxpayers that are going to help us in case of trouble, or in the present international mess in which we are sinking gradually, scuttled by a foreign policy that makes our allies wonder at our sanity.

It is on the experience, wisdom, and resources of the European anti-communist nations that we can depend for cooperation, understanding, and military support, not on the new nations that just look at us for a handout, and are exhausting already the gold reserves of our treasury. Some of those new countries are Communist, others pro-Communist, and the majority of the "neutrals" are so indifferent to America's vital interests and security that their neutrality seems to be an obvious pretext to blackmail our nation for the billions of dollars they are receiving. By turning against our allies and becoming instrumental in the loss of their territories, with our premature and idiotic campaign of fake "liberation" in partnership with the Communist Bloc, as we did against France, Belgium, Holland, Portugal and England, we deliberately weakened their power, and, therefore, directly reduced the strength and resources with which they could help us. By doing so we lost their good will and confidence.

The American government cannot repair the damage it has done to our allies and to our nation. It is too late for "fence-mending", but not late enough to stop a destructive foreign policy that is giving all the advantages to the expansion of Communism, and none to those who are fighting our enemies.

Dr. Ruth Alexander speaking in her newspaper column last Sunday about the impressive naval maneuvers of the NATO fleet, called 'Riptide III', recently completed off the coast of Portugal, in which our U.S.S. Enterprise took part, said the following:

"... It also reminded us of those nations which are indispensable if NATO is to realize its full military potential. One of these nations is Portugal, which we are fighting tooth and nail in the United Nations."

Dr. Alexander probably had in mind our voting on the side of the Communists against Portugal at the U.N., and our continuance in being part of the Communist chorus hollering for the usurpation of Angola and other Portuguese territories overseas, to facilitate the Communist grab, as happened in so many other cases of "liberation". And Dr. Alexander adds:

"Portugal, the Netherlands and Belgium, each of whom we have been instrumental in stripping of territorial possessions, joined with us, nevertheless, in exercise 'Riptide III,' to the best of their limited naval ability."

The foreign policy makers in our State Department are chasing butterflies on the field of "liberation", not only by antagonizing our most needed allies, but also by pouring billions of dollars into Communist countries, pro-Communist countries, and suspicious "neutrals" who maintain better relations with Moscow than with Washington. This incredible policy has been going on year after year based on the silly hope that some day our enemies may treat us a little better. So far the results are negative. The more we give, the more they demand, and to top it, they confiscate American properties and get "insulted" if we don't satisfy their insatiable appetite for our dollars.

Paul Dickson.

LET'S SPECULATE ABOUT CUBA AND COMRADE FIDEL CASTRO

With our spineless foreign policy of investments with no returns, we are always in the red... It is not very flattering for powerful America to be made a fool by letting everybody get away with any sort of abuse endangering our economy and our democracy.

The puppet-show in Cuba starring comrade Fidel as the "hero", Uncle Sam as the "imperialistic villain", and the Soviet-Union as guardian angel pulling the strings from behind the curtain, has attracted a great audience: — the whole wide world! All eyes are focused on this international play, in a nerve racking expectation of the climax...

It seems blatant Fidel is no longer master of his own whiskers since he became so helplessly dependent on the Communist Bloc for survival. He betrayed his country by becoming a puppet of the Kremlin and enslaving the Cuban people to the ruthless autocratic imperialism of Moscow. The Cubans no longer rule their beautiful and hospitable land — it is now a domain of the Communist hordes that are pouring in by the thousands, disguised as "technicians" to change Cuba into an aggressive military and propaganda base of operations for the Soviet-Union.

The free world feels sorry for the disillusioned Cuban people, now being victimized by the man they trusted as their liberator, and helped with their blood and faith to climb to power. It is understandable that Castro could deceive easily his countrymen by appealing to their national sentimentality and hope for liberation from Batista's tyranny. But there is no explanation for the attitude of the United States after helping Castro and finding out his betrayal to democracy, not to prevent Fidel at that point from going any further. America is in many ways responsible for today's situation in Cuba. We should have stopped Castro even before he declared Cuba a Communist nation — our State Department and our Intelligence Service knew by then, if not much before, Castro's intentions.

We should have stopped Castro when he confiscated all American properties. We should have stopped Castro when he began to receive arms and "technicians" from the Communist Bloc, and started to infiltrate Latin America with printed Communist propaganda against "imperialist" United States. We should have stopped Castro once and for all by going through with the invasion and backing the Cuban exiles to the hilt, since our prestige was involved, when Washington planned that invasion and assisted it. But instead, we disgracefully backed out at Pig's Bay leaving behind thousands of patriotic Cubans to die or become prisoners of Castro's brutal regime — the greatest fiasco in American history. There is no excuse for allowing the establishment of an enemy base in our hemisphere and at our own backyard. To pose as leaders of the free world when we are even incapable of leading in our own hemisphere is not very inspiring.

Everybody knew what was going on between Cuba and the Communist Bloc, everybody except our State Department and our "Intelligence" Service. The State Department never sees what is coming from the Communist side until the damage is done. Our policy makers are so shortsighted that they could not see the construction of the Berlin Wall until it was finished, or even guess how disastrous the premature "liberation" of Africa is going to be to our nation. We had to wait for the Soviet-Union to be well established in Cuba and transform that close neighbor of ours into an enemy depot for armed aggression and propaganda in South America. But even so, our government would not admit it or recognize the existence of that dangerous situation until the Communist lords decided to make it official! Whoever is responsible for the invasion fiasco and for letting the Communist Bloc take over Cuba should be subpoenaed to account for it and punished. Such negligence is treachery to the United States security and prestige. But now that the comrades made it official let's not SIDE STEP THE ISSUE with more overdone warnings and intimidations to which NOBODY pays attention.

The Cuban situation grows more critical and the need for concerted U. S. action is apparent. We propose an assessment of sources available to FBI who might materially contribute to downfall of Castro and solicitation of ideas from key offices as to how these sources might best be utilized.

Political Matters - Cuba

The heavy build-up of Soviet arms and personnel in Cuba is an established fact. Thirteen surface-to-air missile sites (advanced anti-aircraft defense installations) in western half of Cuba have been positively located by U. S. aerial reconnaissance. At least one Soviet MIG-21, with speed in excess of 1,000 miles per hour, and which normally is armed with two infrared missiles, as well as rockets and cannons, has arrived in Cuba. We have been substantially successful in neutralizing pro-Castro activities in the U. S. and in April, 1961, we made suggestions to the Attorney General regarding nonmilitary action which U. S. could take against Castro, with such action having since been taken for the most part. However, Castro is strongly entrenched.

In considering what direct assistance the Bureau can provide, we believe that some of our present informants and sources, as well as certain Cuban defectors who maintain close contact with our offices, may have potential for performing sabotage or intelligence missions inside Cuba. The offices which have the majority of the sources and which are closest to the Cuban situation are Miami and New York, and Mexico City is in a unique position since it has informants who are in a position to go to Cuba without any apparent U. S. involvement.

We have prepared a letter to Miami, New York and Mexico City requesting the following: (1) identities of informants and sources now being operated by the Bureau who have potential of going to Cuba clandestinely or openly; (2) most discreet canvass of key informants and defectors as to what action, short of military, in their opinions might result in the most effective blows against the Castro regime; (3) review of files for names of all persons who have volunteered to assist the U. S.

by working against Castro inside Cuba; (4) recommendations as to what assignments the foregoing informants, sources and volunteers could carry out; and (5) suggestions by key Bureau Agents concerning a course of action by the U. S. short of direct military action.

If you approve, the attached letter, which instructs that replies be submitted by October 10, 1962, will be sent to the three offices mentioned above. Upon receipt of the results, an analysis will be made and further recommendations will be forthcoming.

Re: THE CUBAN SITUATION

Political Matters-Cuba

In view of the increasing complexity of our security problems, it is imperative that we have effective coverage to enable the Bureau to keep informed concerning pro-Castro activities.

my Recipient offices should take every possible step at this time to increase their coverage in this connection and in particular should have excellent informant coverage.

On October 3, 1962, [REDACTED] Cuban exile who
is [REDACTED] during the regime of Fulgencio Batista,
furnished the following information. n.y. Cuba

He has received information from a relative who has close connections with members of the family of Fidel Castro which indicates that Cuba will be invited to become a member of the Warsaw Pact before the end of this year. The Cuban Ambassador to Moscow, Carlos Olivares, has been invited to attend a meeting of the Foreign Ministers of the Warsaw Pact nations in Europe.

The source in Cuba is of the opinion that after this is announced, the Soviet position against the United States will be consolidated and the Soviet bloc countries will be free to pursue objectives outside of Cuba.

ATISEOS, Mexico City Spanish language semi-official
atholic daily newspaper, September 22, 1962, contained the
following article:

**"Soviet Corps to Watch
Cuban Political Police**

"HAVANA, CUBA, September 21 (Exclusive).--
As the Soviets take possession of all of the govern-
mental agencies of Cuba they are establishing
methods of control typically Russian, in accord with
the experiences of the successive bolshevik police
agencies (Checa, GPU, NKVD, and MVD). The general
rule is to distrust everyone and everything and to
subject, principally, government functionaries and
members of the repressive forces to strict sur-
veillance.

"The Soviet Union is taking the first steps in
Cuba to establish a superpolice from which Castro
himself and the already famous G-2 will not escape.

FOREIGN POLITICAL MATTERS - CUBA

"The object is to maintain a careful record of all of their actions and, before everything, of their past records. The G-85, or police force of police forces, is composed exclusively of Russian and Czech technicians. It is called the G-85. Among its principal tasks will be vigilance over the 'loyal' communist elements, since the anti-Castro and 'counterrevolutionary' groups are handled by G-2 and the militia.

"The G-85 has begun to open personal files for each one of the functionaries of the Castro regime, beginning with Fidel, Raul, Borticos, 'Che' Guevara, Almeida, Carlos Rafael Rodriguez, and other prominent persons. This body will also be in charge of watching the members of the Foreign Service and beginning on the 15th, instant, no one will be able to leave Cuba without the previous permission of this Russian superpolice. This measure has been taken since many opportunists have obtained positions within the Castro government, diplomatic corps, and militia. The adhesion of these individuals to communism is merely a passing one and a matter of convenience. The Russians are convinced that not even all of the members of the United Party (communist) are entirely faithful and, therefore, the thousands of functionaries who form the police forces, the militia, and the Foreign Service are even less so.

"The G-85 has installed its offices in the old Colegio de los Maristas, in the old Havana area called La Vibora, and is working feverishly to gather information not only concerning the pro-Castro functionaries but also concerning the members of their families. Information has been received that the Russians have found numerous 'counterrevolutionary' records concerning prominent persons in the Castro regime. To have written something against bolshevism, to be married to a woman who is distinguished for her catholicism, to have studied in religious schools, etc., etc.,

0018 1325

FOREIGN POLITICAL MATTERS - CUBA

"are circumstances that the G-85 is taking into account to decide concerning the loyalty or the possible disloyalty of the Cuban communists themselves.

"Raul Raa, for having criticized the Soviets in his book, 'En Pie,' is considered a suspect by the G-85, as is Carlos M. Lechuga Novia, Cuban Ambassador to Mexico, who wrote many articles against Soviet communism in Havana newspapers. All of the facts are being carefully gathered in order that, at the proper time, an implacable purge can be initiated against all of the Cuban functionaries who, even though being communists, are not safe for Soviet imperialism."

Poor Mental Health of
Fidel Castro

[REDACTED] who has furnished reliable information in the past, and who is a resident alien in the United States and active in anti-Castro activities, on October 2, 1962, advised as follows:

b2
b7D

On October 2, 1962, [REDACTED] received a message from a very sensitive and reliable source in Cuba. The source informed him that Fidel Castro's mental health is very poor and he is obviously unbalanced. In the last thirty days his condition has worsened considerably and he is drinking a great deal and using drugs. As an example of Castro's condition, [REDACTED] stated a few days ago, Castro stated the United States was going to invade Cuba. On October 2, 1962, Castro stated the United States would not invade Cuba as it is too weak to do so.

b2
b7D

[REDACTED] learned also from his source in Cuba that recently Fidel Castro was present at an unidentified embassy function in Havana. He wandered off into a section of the embassy containing Cubans who had been given asylum. Castro took off his shirt and challenged the asylees to a fist fight. The ambassador attempted to stop him and was struck by Castro.

SUBJECT: THE CUBAN SITUATION

ReBuairtel 9-26-62.

Concerning pro-CASTRO activities in Washington, D. C., the following is being respectively submitted for the information of the Bureau:

JULY 26 MOVEMENT, WASHINGTON, D. C.

This unit is defunct. The last active members, totalling five, one of whom was [redacted], are no longer longer in association with one another. However, the informant and [redacted], still meet socially but conduct no activities which could be construed to be pro-CASTRO in nature. The informant has reported that due to some misunderstanding [redacted] does not associate with [redacted] and [redacted] and [redacted] are Security Index subjects of WFO. The informant is in the unique position of being friendly with the three individuals and thus keeps WFO currently apprised of pertinent information.

In view of the depleted ranks of pro-CASTRO adherents, WFO feels that its coverage is excellent.

Re: CUBAN SITUATION
INTERNAL SECURITY - CUBA

CUBA
SPAIN

On October 3, 1962, [REDACTED]

[REDACTED] voluntarily presented a typewritten document, consisting of an analysis and a suggested plan for overthrowing the Communist regime of FIDEL CASTRO in Cuba. [REDACTED]

b7C

[REDACTED] is [REDACTED] during the BATISTA regime. [REDACTED] formerly served in [REDACTED] during the BATISTA regime, and is now [REDACTED] at Fort Lauderdale.

CUBA
NY

[REDACTED] explained that both [REDACTED] have been greatly perturbed about the sequence of events which have enabled the Soviet Union to establish a satellite state in Cuba. [REDACTED] expressed pessimism about the future of the United States and of this entire hemisphere unless some form of drastic action is taken against CASTRO, and he said that he desired to present this document and, at the same time, offer his services in the execution of his ideas, if the United States is interested in adopting his plan.

b7C

The document furnished by [REDACTED] is as follows:

b7C

"A PROGRAM OF IMMEDIATE DECISIVE ACTION FOR
THE LIBERATION OF CUBA"

"A. General Analysis of the
Status Quo"

"1. With the protection of the Soviet military alliance, the Cuban regime has consolidated its position against the United States. The commitments of military support of the Soviet Government to the CASTRO regime precludes any possibility of armed intervention by U. S. Armed Forces without Soviet retaliation that would place the world on the verge of nuclear destruction.

109-12-210-3796

ENCLOSURE

Re: CUBAN SITUATION

"2. The U. S. policies of isolation and the economic blockade have failed to detain the consolidation of the new Soviet bastion in the Caribbean and have not curtailed the infiltration and para-military activities of Cuban-based Communist agents through the Hemisphere.

"3. While the Cuban economy has suffered the results of the period of transition between one system of production and another, the effects of the economic blockade and the exodus of technically qualified personnel, it is quickly on the way to recovery, thanks to a stepped-up program of Soviet economic aid, and the collaboration of a large segment of the technically qualified population, who by now feel that the Communist regime is there to stay. The goal: to achieve the highest level of productivity by 1965, thus presenting to Latin America a showcase of what partnership with the Soviet Union can attain.

"4. The campaign of harassment, carried under C. I. A., is important for the purpose of gathering intelligence and keeping a part of the anti-CASTRO Cuban expectant of some American action. Other than that, it is of no real consequence or value, and under its present scope, would be of declining effectiveness, even for the purposes it now serves.

"5. The Soviet Union, because of past experience, is highly qualified to evaluate the effectiveness of a Resistance Movement. Its present commitments; economic and military, the presence of Soviet personnel by the thousands, and the candid establishment of the Moscow/Havana axis is positive proof that the Soviet Union sees no danger of economic collapse or internal revolution against the CASTRO regime.

"6. The program which follows is the only effective alternative to direct military intervention by the United States that will obtain the defeat of CASTRO and the Soviet Union circumventing the dangers of direct hostilities between the U. S. Government and the Soviet Bloc.

Re: CUBAN SITUATION

"B. The Program of Action

"1. Two Latin-American nations have stated that they would be willing to recognize the belligerent rights of the Cubans and would give to a group with resources, ability, and scope, facilities within their territory for training and bases of operation against CASTRO's Cuba. (The Government of Tunisia followed this procedure and granted similar facilities to the FLN, which has obtained Algerian independence. It is illogical to believe that the CASTRO Army is more efficient and better trained than the French Army, and the French Foreign Legion; or that the Cubans are less able to fight or not as dedicated to their freedom as the Algerians.)

[REDACTED] declined to name the two Latin-American countries mentioned above, at this time.)

b7C

"2. These bases would be used for training and as headquarters for operations against Cuba, as outlined below.

"3. SPECIFIC OBJECTIVES AND PROCEDURES:

"A. Dismemberment of the Cuban economy: create conditions that will make impossible its rehabilitation by the CASTRO regime. (Destruction of public services, aqueducts, electricity, telephone, bridges, roads, refineries, industries, railroads, agricultural production areas, cattle, etc.)

"This is to be done by sending into Cuba Commande Squads of ten men to destroy a specific objective that will not be more than six miles from shore. Because of the narrowness of the island and the proximity of most of these strategic objectives to the coast, this is completely feasible. This specific part of the program would require the sending of at least one hundred men every month on such missions.

Re: CUBAN SITUATION

"This part of the program is to be begun after five months of training and would continue uninterrupted until victory is achieved, growing constantly in size and scope.

"B. Establishment of guerrilla fronts of operation in the Provinces of Pinar del Rio, Las Villas, and Oriente. This part of the program to begin after four months of successful destruction as explained in Part A (above). Guerrilla activities to expand and continue until victory is achieved.

"C. Landings of not less than 10,000 men, integrated into various brigades near or at guerrilla controlled or infested territory. These landings en force should be planned for the winter of 1963 - 1964. The purpose of these landings would be to secure and control portions of Cuban territory and from there carry on a CIVIL WAR.

"D. To defeat the Communist Government through CIVIL WAR.

"4. To carry through this plan, the following is needed from the United States:

"A. Military instructors and specialists for the technical instruction of the Cuban Forces.

"B. Arms and military equipment needed for the operations. Arms and equipment supplied would be modern and similar to equipment supplied by the Soviet Union to pro-CASTRO forces.

"C. Intelligence data on fortifications and defenses of specific areas, when this data may be required.

"D. Economic support for the development of the program; to be carried out in a way that would be negotiated to mutual satisfaction.

Re: CUBAN SITUATION

"E. Commitment to respect Cuban initiative and sovereignty in fulfilling its own historical destiny. (Plans will not be interfered with in any way, however violent or audacious they may seem, as long as they do not endanger the position of the U. S. Government.)

"F. Absolute secrecy about U. S. cooperation to this program is of essence, until a time where by mutual agreement it may become advantageous to disclose the origin of the support.

"5. This Cuban group would:

"A. Convince the Cuban people with action and not with words that they alone are responsible for their own destiny, and theirs is the task of liberation.

"B. Maintain absolute secrecy on its alliance with the U. S., of which only the leaders would be aware. This would not be expressed directly or indirectly to the Cuban masses or to other Governments.

"C. Promote the most effective unity among Cubans, avoiding discrimination because of previous political militancy. Not to criticize any other anti-CASTRO organization, not even to answer their attacks.

"D. To develop a philosophic and ideological concept among the Cubans, based on solidarity, Pan-Americanism and respect for human rights and liberties.

"6. SCHEDULE

"A. Assurance of U. S. support.

"B. Selection of specific areas for training and operations in each Latin-American country.
(Thirty days)

Re: CUBAN SITUATION

"C. A campaign would be immediately initiated in every city where there is a concentration of Cubans. Delegations and recruiting centers would be established in each city. (Sixty days)

"D. Personnel would be sent to training areas in Latin America. Transportation by sea is to be preferred.

"E. Development of the program as outlined above, with flexible criteria within that strategy.

"7. The leadership of the organization that will carry out this program will remain anonymous until it is in Cuban liberated territory. This leadership has no claim to political prominence. Its only desire is to conduct the serious effort that is required."

Re: FOREIGN POLITICAL MATTERS - CUBA

COMMUNIST PENETRATION IN LATIN
AMERICA

On September 28, 1962, [REDACTED]

[REDACTED] who defected at [REDACTED]
[REDACTED], and who currently resides at
[REDACTED], advised as
follows.

b7C

Approximately once or twice a month, Cubana Airlines flies from Havana to the town of Arica in north-west Chile near the Peruvian border. The purpose of such flights is to transport Chileans, Bolivians, Ecuadorians, and Peruvians to Havana for Communist training in such matters as union activity, riots, and guerrilla operations. He stated that he himself has been the pilot on such flights in the past and is also aware that some of the same South Americans who are brought to Cuba for training are frequently sent on to Prague in Czechoslovakia for additional indoctrination.

[REDACTED] stated that Cubana operates Britannia aircraft in its flights to Arica, Chile, and because of the distance of this flight, used to land at Guayaquil, Ecuador, before proceeding to Arica. However, as a result of the break in relations between Ecuador and Cuba, Cubana Airlines no longer utilized Guayaquil, but instead began to land at Port of Spain on the Island of Trinidad off the north coast of South America.

b7C

[REDACTED] pointed out that if Port of Spain were not available to Cubana for landing privileges, Cubana would have to discontinue flying to South America. He pointed out that Rio de Janeiro, Brazil, which is still friendly with Cuba, is too far from Havana, and that Natal, on the northeast coast of Brazil, is not a desirable location. He stated that airfields at Aruba and Curacao in the Dutch West Indies are too small for Britannia aircraft.

Re: FOREIGN POLITICAL MATTERS - CUBA

According to [REDACTED], he had been scheduled to fly from Havana to Curacao in the spring of 1962 with a Coordinator of the "Cuban Institute for People's Friendship" to pick up eighty-four Colombians and transport them back to Havana. He stated that he and the Coordinator flew to Curacao, but the Colombians who had been flown from Colombia to Aruba, were not permitted by the Dutch Government to be flown from Aruba to Curacao on a chartered KLM Convair plane. [REDACTED] stated he learned that the Colombians were fleeing from Colombia and Venezuela, and that the Dutch Government did not wish to become involved. b7c

According to [REDACTED], the flights to and from South America have been going on since FIDEL CASTRO took power and aside from any military consideration, he considers these operations to be dangerous to the non-Communist stability of South American countries in the future. b7c

[REDACTED] continued that Mexico is also used to move Communists to and from South America, and he believes that [REDACTED] at Mexico City, (First Name Unknown) is probably a Communist Party member. [REDACTED] said he has flown the Havana-Mexico City run many times, and is aware that [REDACTED] on every flight puts baggage on board the Cubana planes without the knowledge of the Mexican authorities. He stated [REDACTED] uses a number of suitcases which are placed in with passenger baggage to fly material of a confidential nature, unknown to [REDACTED] to Havana. He stated he also believes that [REDACTED] is the individual who arranges passage on Cubana Airlines for United States citizens who go to Cuba by way of Mexico City. b7c

NORTH AMERICANS DENOUNCE INVASION PLANS

Havana in Spanish to the Americas 1200 GMT 7 October 1962--E

(Text) North American intellectuals issued a communique in Mexico City where they declared that to invade Cuba would be an act of international immorality which would violate all the obligations of the United States to the United Nations. The denouncement was published in the Mexican daily EL DIA.

The manifesto which is signed by writer William Gibson, Leonore Marshall, and Ray Bradbury among others, also says that the aggressive maneuvers by the United States against Cuba propel the world towards a nuclear war.

[REDACTED], on 10/3/62 furnished a letter in Spanish which he had received from Havana, Cuba, and this letter is dated 9/25/62. [REDACTED] advised that the letter was unsigned but he knew the identity of the sender and stated that this was a man who could be trusted to furnish the exact truth relative to the situation inside Cuba. For reasons of security, [REDACTED] did not want the name of the sender of this letter disclosed. A translation of the letter from Havana, Cuba, dated 9/25/62 reads as follows:

b7C

NEW YORK, N.Y.

"Havana, September 25, 1962"

"Dear Friends:

"I am writing to you so that as a Cuban and a democrat that you are, you will let our Yankee and Latin American friends know that they must find a way to stop innocent people from being executed in Cuba. Imagine they are executing in all the provinces an average of 25 to 30, 16 to 25-year olds, as well as 60-year olds. I believe that the countries of Central America and South America are as responsible as those of North America because they have not reached an agreement to stop this bloody and destructive Communism. You have no idea what is happening here and what is being done to continue to infiltrate the Communist dictatorship that has been established in Cuba in the rest of our sister countries."

NY

"I want you to know that 2,000 Negroes are being trained in the Las Villas Province and 1,200 more in the Pinar Del Rio Province. According to rumors, these Negroes are going to land in Haiti in order to set up a strong beachhead from where they can receive war equipment and overthrow the Haitian government and also go over to the Dominican Republic. They are setting up 16 bases for 500-mile range missiles, which are very advanced.

"The people of Sagua La Grande see nothing else but Russians because they are setting up 2 long-range missile bases. One of them is from Rio Blanco to Central Purio surrounded by stone walls. Forty 'caballerias' (Trans. note: Cuban land measure - about $33 \frac{1}{2}$ measures) have been used. Farmers have been evicted and taken to other lands. They have only been allowed to take their kitchen and bedroom utensils with them. Twenty-two families have been evicted from those forty 'caballerias'.

"In that base which begins on Rio Blanco Viana and runs up to the Central Purio Calabazar de Sagua, there are 800 Russians and 100 Germans, who are the ones who are managing the missile launching pad. You have no idea of the shipment they've brought. Two ships arrived at Isabela de Sagua on September 20th bringing a column made up of 500 Russians to guard the grounds of the base that they are building. The executions have increased considerably lately, to such an extent that it is estimated that they buried more than 40 bodies in the Colon Cemetery last week. This was learned from a gravedigger, a friend of the cause, and it is believed that among those 40 bodies, there were many militiamen and sailors.

"It is also rumored that they have executed a large number of policemen from posts 3 and 4, as well as sailors and Navy officers who, according to information, were mixed up in a conspiracy.

NY

"A shooting occurred about two nights ago in Rio Cristal and more than 9 persons died in the clash between the patriots and the G-2 agents. About a week ago they buried a youth in Pinar del Rio Gayuco, who was murdered by a government element; his burial was a real manifestation of mourning.

"I have been informed by a man yesterday in the Camaguey Province that they are building a powerful missile base in the Lomas de Chambas. The farms in front of the Lomas, which you are very well-acquainted with, are practically swarming with Russians. There are a group of Russians in Sagua, who are working in the various bases set up in the Santa Clara Province, who speak a bit of Spanish. When they stand on a corner, the Cubans immediately surround them and tell them that the Yankees want them to get out of Cuba; but the Russians answer that they are too big to be scolded; that they have bought land in order to build as many bases as the Yankees have in Guantanamo.

"Well, my friend, until soon if we are still alive. But don't fail to have this published. It must be broadcasted on the radio and printed in the newspapers.

"I remain, your friend who is grateful to you and who hopes that you will not fail to let the other countries know. It is necessary for at least Mexico and Brazil to know what a Communist dictatorship is."
